

Problem Set 4

Due October 26 before class. Submit on IVLE > Files > Student Submission > PS4.

Do Exercise 3 “Ellipsis and Auxiliaries” Parts A–C of Adger chapter 5 (pp. 197–199). (EL5101R: Do Part D too.)

Write this as a short paper. You should introduce the problem, include relevant examples and definitions. I should be able to read your assignment by itself, without referring to the book.
