

Quiz 1

Quiz 1 is next week, October 2, 2019.

Time: 60 minutes, at the beginning of class

Format: A number of short answer questions and one problem similar to PS2/in-class exercises

Content: The quiz will cover all material including today.

(Note: Quiz 2 will cover the entire semester, not just the second half.)

Make sure you know:

- Chomsky's questions (3)
- constituency tests (9)
- NP asymmetries (9)
- Common properties of subjects (5)
- The VP-Internal Subject Hypothesis, 3 arguments
- The Unaccusative Hypothesis, 7 arguments
- Key ideas: categories, heads, features, UTAH, Hierarchy of Projections, EPP
- From today: the Case Filter, Burzio's Generalization
- How to use Merge, Adjoin, Move_{phrase}, Agree (if necessary, the rules will be provided)
